Weddings

My style is photojournalistic: during your ceremony I will be a fly on the wall, and throughout the day shoot almost exclusively with natural light, using a range of prime lenses. Pictures of the couple and group shots are not overly staged and focus on the emotion between those featured!

I will be there for each important moment, to capture the spontaneous interactions between your friends and family. I am friendly and flexible, happy to go with the flow of your day.

I love making beautiful, elegant books for you printed on the highest quality paper.

If you think this sounds like what you're looking for, please get in touch! I will be happy to work with you.
